About me

EDIT

I'm a London Based Cinematographer with 5 years experience in the field. Studied a BA in Film and Digital Cinematography at Met film school before embarking on a journey to become a DOP. I have expericene in commercial work, live events, promos as well as other content such as music videos or short films.

Additional information:

I have enormous passion and dedication for the art of cinematography. I have experience in quick problem solving and an expertise for innovation through team work. I believe that filmmaking is a collaborative process therefore we must create a good working environment to achieve the expected goals. See you on set!
